

Going to Camp?

Getting there is not a problem.

We are excited to offer multiple transportation stops bringing girls across Atlanta to Camp Timber Ridge for Day Camp!

Transportation Cost:

\$45 2-way Transportation for mini session Week A

\$85 2-way Transportation for one-week session Weeks B, C, D, E, G and H

We are so excited to be offering transportation again this year!

Campers will be transported in 12 passenger vans, mini vans, or SUVs rented from an outside provider. If your camper requires a car seat/booster seat, please be prepared to send it with her. All drivers will be 21 years of age or older for SUVs and minivans and 25 years of age or older for 12 passenger vans. They must pass background and DMV checks and successfully complete an extensive driver training following Girl Scout Protocols. If there are any time delays for arrival, staff will contact you via text with information. Do keep in mind that staff will not text while driving. Below are the dates and anticipated times for each stop. Vehicles are expected to arrive at camp between 8:15- 8:30 a.m. and leave camp at 4:20 p.m.

We must carry a printed copy of each girl's Health History and signed Parent Authorization Form in the vehicle. We cannot provide transportation without these vital forms completed as they must be available to emergency responders in the unlikely event of an accident. Every effort will be made to contact you if we do not have these forms on file the week prior to her session. If you cannot complete these forms in advance, then she must be brought to camp by a parent or guardian on the first day of her session so they can be filled out on site. These forms are found on [CampInTouch](#) in the forms and documents section.

Covid Note: Transportation is contingent on our ability to provide this service safely. If the pandemic is still a considerable issue, we may not be able to provide this service. We will let all registered participants know if it becomes necessary to cancel transportation to limit potential exposure. All girls will be temperature and symptom checked before being allowed on a vehicle. As always, make sure your child is in good health before arriving at the transportation site. If your child is sick, keep them home for the day.

Stop	Weeks Available	Estimated Times
