Message from the Camp Director

I would like to welcome new campers to our Timber Ridge family and say welcome back to returning campers. We are excited that you have chosen Timber Ridge for your daughter's camp experience this summer. This will be my 12th year as the Camp Director at Timber Ridge and each year has brought some changes that make the experience better for the girls.

Camp Timber Ridge is a place your camper can relax, have fun, and enjoy the moments of camp away from television, computer, cell phone and other distractions of the average child's life. Camp Timber Ridge staff strive to fulfill their mission of building girls of courage, confidence and character by increasing self-confidence, enhancing team building, improving cooperation and communication skills, taking responsibility and a "I can do that!" attitude. Through dedication to our campers we promise to provide them with an opportunity to develop her confidence and independence in a positive and comfortable environment, through the nurturing support of the staff and the camp community.

We want this to be a successful and wonderful experience. Please let me know if you have any questions or concerns as you get ready for camp. The best way to reach me is via e-mail: ctrdirector@gsgatl.org

Camp Open House

Open House is a great opportunity to view camp facilities and cabins, and tour the camp. This is also a wonderful chance to meet some of our staff, learn what and how to pack, what types of meals are served, how camp staff copes with homesickness (and how parents can help prevent it!), what to expect at check in/check out, and ask questions of the camp staff. Bring a picnic snack, and spend the afternoon at Camp Timber Ridge! Return campers – this is your chance to get excited about coming back to camp! We will have a s'more fire burning and few other activities available. Come spend the afternoon with us!

We have two Open Houses scheduled this year:

Sunday, January 28th from 1:30-4:30pm

Camp Fees

All fees are due two week prior to your daughter's registered camp session.

Camp Fee Structure

What is Tier Pricing?

We believe that every girl, regardless of financial circumstances, should have the opportunity to experience camp. While the cost to maintain our 4 camps continues to rise, we understand that families have differing abilities to meet summer camp costs. For this reason, we've adopted tiered pricing.

Choose the tier that works best for your family. **All campers will have the same camp experience regardless of choosing Tier A or Tier B.**

- **Tier A:** This is the Council's actual cost for each girl to attend camp. This includes costs like program supplies, staffing, training, insurance, certification and inspection fees, food, and maintenance costs. Choosing this option will cover the cost that the Council will spend for your daughter.
- **Tier B:** Camp fee that is much lower than the true cost of camp. These rates are subsidized through Council fundraising, special events, and the hard work of Girl Scouts during the Cookie Program.

Tiered pricing is different than financial aid. The council has established a Camp Financial Assistance Fund for girls who are registered members of the Girl Scouts of

Greater Atlanta and have participated in the Greater Atlanta Girl Scout Cookie Program. This fund is supported by the community and individual donations for girls who are active members of our council.

For example:

Tier A

Day Camp Sessions
Fee: \$425

Tier B

Day Camp Sessions
Fee: \$240-\$250

All girls must become registered Girl Scout members in order to attend camp. It is not necessary to belong to a troop. The Girl Scout membership fee is \$25 and is valid until 9/30/18. If you are a non-member, please complete membership registration online, [Girl Scout Membership Registration](#)

Payment Plans

If you did not sign up for a payment plan at the time of registration, but would like to do so now, please sign into your CampInTouch account to create one. Payment in full is due two weeks prior to your camper's scheduled camp session.

T-shirts & Patches

Each girl will receive a camp patch included as part of the registration fee! Summer 2018 T-Shirts will be available for purchase.

Cancellation

Please contact the operations coordinator at camp@gsgatl.org if for some reason your camper cannot attend camp. Prompt notification will allow another camper to take her place.

Refund Policy

A refund, less a \$50 deposit, is available if:

- Cancellation in writing is received 30 days prior to the confirmed session date.
- The camper is physically unable to attend camp due to illness or injury. A physician's statement is required no later than Sept. 1, 2018.
- There is a death in the immediate family, within seven days prior to the opening day of the confirmed session. Notification to the council office by telephone should be made as soon as possible with written notification submitted no later than Sept. 1, 2018.
- Other special situations will be considered. Requests should be made in writing.

Camper Health and Wellness

Let Us Be Your Parenting Partner

On CampInTouch your camper's interactive camper profile make sure you complete the health history information and make sure to be detailed about any allergies or medical challenges your camper has so we can provide her the best possible care at camp.

Some parents hesitate to provide camps with personal information about their camper's behavior or past experience. Some fear the information may be misused, while others are concerned about their child being labeled, singled out or treated differently. All parents want to see their child have a strong, fresh start at camp, unencumbered by past problems.

As seasoned camp professionals, we appreciate these concerns. We also know how invaluable such information can be in assisting us help your child make as smooth and happy adjustment to camp as possible – something we know all parents want, too!

Having a prior knowledge about a learning difficulty, bedwetting, ADHD, medical condition or a recent loss or major change in the family or child's life makes a tremendous difference in helping us be sensitive to your child's need for patience, understanding and reassurance – especially in the first few days of camp.

This is especially true for children who have an attention problem or who are nervous about new situations. Many parents fear that a camp will not accept their child if they are completely forthcoming about these situations, yet a child need us to be partners with you in planning for a safe and successful summer. If your child's needs cannot be met at a Girl Scout camp, we would like the decision to be made with the parents in the spring and not on opening day of the camper's session.

Furthermore, children often use their behavior rather than their words to tell us something is bothering them. Having advance knowledge of areas that might be difficult for your child helps us understand the message in her actions. The better we understand your child, the more we can assure you of a better summer for her.

Our commitment is to use such information only to help your child adjust to camp. It will never be used at camp unless necessary and then only with the greatest discretion and your prior knowledge.

Remember, when faced with challenges, we can help your child have great success if you help us. We encourage you to make us a full partner in planning for your child's summer. Please contact the Camp Director this spring and set your camper up for a successful camp experience.

Camper Essential Functions

In order to attend Girl Scouts of Greater Atlanta Girl Scout camps, campers must meet the following essential functions.

- Move independently from place to place
- Effectively interact in a group based on program content
- Be able to meet personal needs (bathing, toileting, dressing, diet management, etc.)
- Capable self-manager of chronic illnesses

Health Form Procedures—

A physical examination is not required to attend Girl Scouts of Greater Atlanta Sleepaway or Day Camps.

We do require the completion of a Health History available online through your CampInTouch Login. We also recommend that your camper is up-to-date on all of her immunizations. Please visit [vaccines.gov](https://www.vaccines.gov) to answer any questions about vaccines.

Medication Administration

List all medications on the Health History, including over-the-counter, and bring them to check-in. All medications for campers and staff are stored in the health center for safety purposes.

- Any medication to be dispensed must be listed online CampInTouch on the Medication Administration Form (MAR).
- All medications, including vitamins, must be in the original container and marked clearly with the child's name and directions for use. Only the dosage listed on the original container will be followed at camp.
- Medication can only be dispensed to the person listed on the original prescription container.
- After a discussion with the Health Supervisor, it may be determined that a camper who uses an inhaler on an as needed basis may carry the inhaler in her backpack to all her activities. The parent and Health Supervisor will determine if the camper can take on this responsibility. In this situation, we recommend a second inhaler remain in the health center if the other is misplaced.
- First aid supplies, acetaminophen (comparable to Tylenol) and many other over-the-counter medications are available for camper use in the health center. Please make sure to fill out the CampInTouch health section in detail to give us permission to give your camper medication in the event she is in need of something.

Please disclose other health related concerns, such as bedwetting, sleep walking, etc. on the Health History so we can best meet the needs of your camper.

Each camp has a designated Health Center used for managing basic first aid, dispensing medication.

Head Lice Policy

If a camper shows signs of head lice, she will be immediately isolated from other campers, and all clothing and bedding will be packed and bagged. The parent/guardian will be notified, and she must be picked up immediately. Campers may return to camp once they are lice and nit free, as documented by a physician, nurse practitioner, physician assistant or county health department nurse. If your camper is unable to return to camp, the family may request a partial refund, or switch to another session if available. Campers who arrive at camp with signs of head lice will not be allowed to stay.

Prevention is the key. Please discourage your daughter from sharing hair brushes, combs, headbands, scarves, hats or any other items that may come in contact with another girl's head and/or hair.

For more information about head lice prevention, please visit www.headlice.org.

Wellness Tips

Remember these three steps to a happy, health camper:

Hydration – pack a water bottle with your camper’s name on it. Talk with your camper about the importance of drinking three to four bottles of water a day at camp. With increased activity in the sunshine, campers can easily become dehydrated.

Sunscreen – pack SPF 15 or higher sunscreen. Encourage your camper to apply sunscreen at least 10 minutes before going out into the sun. Camp staff will remind campers to reapply throughout the day. Other sun protection items include hats and swim shirts.

Rest –After the first day, campers will be exhausted and ready to sleep. Encourage your camper to giggle during the daytime and dream the night away.

Meals and Snacks

Each day your camper will receive a morning snack, a filling lunch and an afternoon snack. Campers who are with us for Before Care will enjoy breakfast before the first activity of the day. Campers participating in Extended After Care will have a light dinner. If your camper is joining us for an overnight stay, she will have the chance to cook her own dinner over a campfire.

Homesickness

Every camper misses her family, friends and favorite pet during their stay at summer camp. Homesickness is normal behavior among first time and experienced campers, but it usually disappears after a heart to heart with camp staff and a good night’s sleep. Most campers need time to adjust to a new routine, new cabin mates and an increase in activities.

One challenge campers and staff have are the promises parents make to pick up a camper if she is homesick. When a camper hears this promise, she is not as determined to be successful and often gives up at the first sign of homesickness. We encourage parents to reassure their campers that they will be successful and they look forward to seeing them at pickup time.

Occasionally campers will exhibit signs of atypical homesickness. These signs include needing constant attention, clinging to adults, needing someone by her side to fall asleep, disrupting camp activities or crying constantly. In these situations the Camp Director will contact the parent/guardian to partner with them and make a plan for the camper, which may involve going home immediately. Campers who are sent home with atypical homesickness may not join us for overnight camping during the same season until they present documentation that they have been assessed by a licensed counselor.

If a camper leaves camp due to homesickness, no refund is available.

Please visit the American Camp Association web site at www.acacamps.org/campers-families to learn more about how to help prepare you and your child for her stay at camp.

When Do We Contact Parents

We will contact the parent or guardian if a camper:

- Experiences atypical homesickness (needing constant attention, clinging to adults, needing someone by her side to fall asleep, disrupting camp activities or crying constantly)
- Experiences behavior challenges (see Behavior Expectation Agreement)
- Has an acute, sudden illness
- Has a temperature of 100.5 or higher
- Has an active case of head lice
- Needs to be taken to Urgent Care or the hospital

Swim Evaluations

For safety reasons, each camper will be evaluated on her swimming skills. Campers are placed into swimming groups based on ability. All swimmers are under the careful supervision of a lifeguard while at the pool.

Each camper will take a swim test that begins with bobbing three times in the three foot end of the pool and swimming approximately ten yards in the three foot of water without touching the bottom. If they pass the first segment of the test, they will be asked to jump in four foot of water and swim 25 yards using any coordinated stroke. Lastly they will have to tread water for two minutes.

Campers will be provided colored bands indicating their swimming abilities. The lifeguards who supervise all the campers in the pool will indicate areas of the pool where girls may swim based on their band colors.

Red band: Likes to play in shallow water, is uncomfortable in deep water. May still participate in pool games/sports from the shallow end. Campers who opt out of the swim evaluation will receive red bands.

Yellow band: May swim in the shallow and middle areas of the pool. Can swim on top of and under the water. Can jump off side of pool into water. Strokes are uncoordinated or incomplete. May ask permission to swim in the deep end of the pool.

Green band: May swim in all areas of the pool. Strokes are recognizable but may be weak.

Buddies

Campers are welcome to sign up for camp with a friend who is within one grade of each other and interested in the same session of camp. If camp buddies are two different grades (for example: fourth and fifth grade), they will be placed in a group based on the younger camper's grade.

We can only guarantee placement with one buddy. A group of three or more friends is often a challenge. For example, if three buddies are living in a platform tent, one girl would be placed with the group of three who already know each other.

Even the best of friends need time to explore their individual interests and make new friends while at camp. Camp buddies stay in the same cabin, but may or may not select the same camp activities. If they choose different activities or are placed in different activities due to skill level, they will still be together again in the cabin, during unit time, at meals and all-camp activities.

Many girls come to camp without a buddy. Camp is a wonderful place for girls to make new friends. Our annual outcome survey of campers tells us that 99% of girls make new friends at camp.

Camp Counselors

Camp counselors are recruited from the local Girl Scout community, colleges, and web based employment services. Our camp counselors include home grown Girl Scouts who have many years of experience in Girl Scouting and students from local universities who desire to be a part of the Girl Scout organization. After references are verified, all counselors are required to have a personal interview with the camp director. All staff must pass a criminal background check before they live and work with campers.

During the weeks prior to camp, all camp staff complete an intensive seven day camp training covering topics such as: behavior management, how to work with different age groups, specific activity training, prevention of child abuse, first aid/CPR, camper supervision, homesickness and much more. Additionally, specialized staff such as lifeguards, boating instructors, challenge course facilitators and horseback riding instructors, possess certifications or relevant experience related to their jobs.

During staff training, each camp staff member may choose a "camp name." Camp names are nicknames used at Girl Scout camp for several reasons. A camp counselor is

a unique position between big sister and authority figure. She guides your camper in a gentle manner and her camp name helps distinguish her from her teacher, parent, or other authority figure. It also keeps us from having two "Karens" or five "Amandas" on camp at one time. And lastly, camp names add to the magic of Girl Scout camp tradition that has been passed down for generations. Please don't be surprised when camp staff introduces themselves as "Snow White" or "River."

Lost and Found

The Girl Scouts of Greater Atlanta, Inc. is not responsible for any items left at camp. If you label your girl's items with her name we can help her reconnect with her things during the week. At the close of the session all lost and found items are displayed at pick up. Any items left will be held for two weeks. Parents/guardians may contact the camp office and arrange a time and date to pick up the items or arrange for a FedEx or UPS mailing label to cover the cost of shipping. After two weeks, all items are donated to charity.
