## Message from the Camp Director

I would like to welcome new campers to our Timber Ridge family and say welcome back to returning campers. We are excited that you have chosen Timber Ridge for your daughter's camp experience this summer. This will be my 13<sup>th</sup> year as the Camp Director at Timber Ridge and each year has brought some changes that make the experience better for the girls.

Camp Timber Ridge is a place your camper can relax, have fun, and enjoy the moments of camp away from television, computer, cell phone and other distractions of the average child's life. Camp Timber Ridge staff strive to fulfill their mission of building girls of courage, confidence and character by increasing self-confidence, enhancing team building, improving cooperation and communication skills, taking responsibility and an "I can do that!" attitude. Through dedication to our campers we promise to provide them with an opportunity to develop their confidence and independence in a positive and comfortable environment, through the nurturing support of the staff and the camp community.

Beth "Gleam" Bird is the year-round Assistant Camp Director for Camp Timber Ridge. She is working to provide a quality program and to get your questions answered. She is a lifelong Girl Scout and has worked in various roles at camps all across the country. She is looking forward to her second summer at Timber Ridge and hopes to have a fantastic time with your girls.

We want this to be a successful and wonderful experience. Please let me know if you have any questions or concerns as you get ready for camp. The best way to reach me is via e-mail: [ctrdirector@gsgatl.org](mailto:ctrdirector@gsgatl.org)

The Girl Scouts of Greater Atlanta, Inc. summer resident and day camps proudly display the American Camp Association symbol of accreditation. The accreditation process involves extensive preparation of written documentation, such as risk management, food safety and staff hiring procedures, and an onsite observation visit performed by a team of specially trained camp professionals.

## Camper Health and Wellness

### Let Us Be Your Parenting Partner

On [CampInTouch](#), your camper's interactive camper profile, make sure you complete the health history information and make sure to be detailed about any allergies or medical challenges your camper has so we can provide her the best possible care at camp.

Some parents hesitate to provide camps with personal information about their camper's behavior or past. Some fear the information may be misused, while others are concerned about their child being labeled, singled out or treated differently. All parents want to see their child have a strong, fresh start at camp, unencumbered by past problems.

As seasoned camp professionals, we appreciate these concerns. We also know how invaluable such information can be in assisting us to help your child make as smooth and happy an adjustment to camp as possible – something we know all parents want, too!

Having a prior knowledge about a learning difficulty, bedwetting, ADHD, medical condition or a recent loss or major change in the family or child's life makes a tremendous difference in helping us be sensitive to your child's need for patience, understanding and reassurance – especially in the first few days of camp.

This is especially true for children who have an attention problem or who are nervous about new situations. Many parents fear that a camp will not accept their child if they are completely forthcoming about these situations, yet a child needs us to be partners with you in planning for a safe and successful summer. If your child's needs cannot be

met at a Girl Scout camp, we would like the decision to be made with the parents in the spring and not on opening day of the camper's session.

Furthermore, children often use their behavior rather than their words to tell us something is bothering them. Having advance knowledge of areas that might be difficult for your child helps us understand the message in her actions. The better we understand your child, the more we can assure you of a better summer for her.

Our commitment is to use such information only to help your child adjust to camp. It will never be used at camp unless necessary and then only with the greatest discretion and your prior knowledge.

Remember, when faced with challenges, we can help your child have great success if you help us. We encourage you to make us a full partner in planning for your child's summer. Please contact the Camp Director this spring and set your camper up for a successful camp experience.

## Camper Essential Functions

To attend Girl Scouts of Greater Atlanta Girl Scout camps, campers must meet the following essential functions.

- Move independently from place to place
- Effectively interact in a group based on program content
- Be able to meet personal needs (bathing, toileting, dressing, diet management, etc.)
- Capable self-manager of chronic illnesses

## Health History and Forms

A physical examination is not required to attend Girl Scouts of Greater Atlanta Sleepaway or Day Camps.

We do require the completion of a Health History available online through your [CampInTouch](#) Login. We also require that your camper is up-to-date on all her immunizations. Please visit [vaccines.gov](http://vaccines.gov) to answer any questions about vaccines. Vaccinations must be submitted on the Georgia Form 3231 (the same form used for school in Georgia). If your family ops-out of immunizations or is not from Georgia, you must submit an exemption form or get permission to provide alternative vaccination verification. Please email [ebird@gsgatl.org](mailto:ebird@gsgatl.org) to receive a copy of this form or a list of additional options.

We require a parent or guardian's signature on the Parent Authorization form. This vital form gives us permission to give your camper first aid and seek any necessary medical care.

## Medication Administration

List all medications on the Health History, including over-the-counter, and bring them to check-in. All medications for campers and staff are stored in the health center for safety purposes.

- Any medication to be dispensed must be listed online in [CampInTouch](#) on the Medication Administration Form (MAR).
- All medications, including vitamins, must be in the original container and marked clearly with the child's name and directions for use. Only the dosage listed on the original container will be followed at camp.
- Medication can only be dispensed to the person listed on the original prescription container.
- After a discussion with the Health Staff, it may be determined that a camper who uses an inhaler on an as needed basis may carry the inhaler in her backpack to all her activities. The parent and Health Staff will determine if the camper can take on this responsibility. In this situation, we recommend a second inhaler remain in the health center if the other is misplaced.
- First aid supplies, acetaminophen (comparable to Tylenol) and many other over-the-counter medications are available for camper use in the health center. Please make sure to fill out the [CampInTouch](#) health section in detail to give us permission to give your camper medication in the event she needs something.

Please disclose other health related concerns, such as bedwetting, sleep walking, etc. on the Health History so we can best meet the needs of your camper.

Each camp has a designated Health Center used for managing basic first aid and dispensing medication.

## Communicable Illness Policy

If a camper shows signs of a communicable illness, she will be immediately isolated from other campers. The parent/guardian will be notified, and she must be picked up immediately. Campers may return to camp once they have been free of symptoms for 24 hours. Once she returns to camp our Health Staff will do a quick health check.

If your camper exhibits signs of an illness at home, please let us know.

## Wellness Tips

Remember these three steps to a happy, healthy camper:

**Hydration** – pack a water bottle with your camper's name on it. Talk with your camper about the importance of drinking three to four bottles of water a day at camp. With increased activity in the sunshine, campers can easily become dehydrated.

**Sunscreen** – pack SPF 15 or higher sunscreen. Encourage your camper to apply sunscreen at least 10 minutes before going out into the sun. Camp staff will remind campers to reapply throughout the day. Other sun protection items include hats and swim shirts. If she has never applied sunscreen for herself, we recommend that you teach her how.

Rest –After the first day, campers will be exhausted and ready to sleep. Encourage your camper to giggle during the daytime and dream the night away.

## Meals and Snacks

Each day your camper will receive a morning snack, a filling lunch and an afternoon snack. Campers who are with us for Before Care will enjoy breakfast before the first activity of the day. Campers participating in Extended After Care will have a light dinner. If your camper is joining us for an overnight stay, she will have the chance to cook her own dinner over a campfire. Overnight campers will also be provided a full breakfast the next morning.

If your camper has special dietary needs, please note them on the Health History so we can work with you to meet those needs.

## When Do We Contact Parents?

We will contact the parent or guardian if a camper:

- Experiences atypical homesickness (needing constant attention, clinging to adults, needing someone by her side to fall asleep, disrupting camp activities or crying constantly)
- Experiences behavior challenges (see Behavior Expectation Agreement)
- Has an acute, sudden illness
- Has a temperature of 100.5 or higher
- Has an active case of head lice
- Needs to be taken to Urgent Care or the hospital

## Program Overview

Our youngest campers entering K-1st grade we will be doing a preset schedule based on camps most popular age appropriate activities. We will consider campers likes and interests. They will travel in a group to help them orient to camp. Our repeat campers may graduate from this group and begin selecting their activities during their second week of camp. Some of our activities are not available to this age group for safety reasons.

For our campers in 2<sup>nd</sup>-9<sup>th</sup> grades who choose Classic Camp: the week prior to the session you will receive an email from the camp office by Wednesday that will give you directions on activity sign ups this information is due back in the camp office by noon on Friday before her session. She will get to choose from a large variety of activities that may consist of canoe, crafts, drama, dance, cheer, outdoor cooking, archery and challenge course (grade 4 and above), giant swing, creek walking and so much more. We will do our best to ensure your camper gets at least her top 2 choices once during her week at camp.

Our campers in Specialty Sessions will have some pre-set activities relating to the session. Depending on the Specialty they may have some activity blocks where they select their own activities.

Please note: If you are unhappy with your camper's activity schedule upon receipt on Monday evening, please communicate with the Camp Director Team at check in on Tuesday morning or via email Monday night. We will do our best to get her into at least

one more of her favorite activities. Keep in mind she gets to pick new activities for Wednesday and Thursday, so we might not be able to fix it for Tuesday but will make sure she gets something she loves for the end of the week. However, girls K-1 we will not alter based on parent's requests; each day will be different, and we will do our best to ensure every camper gets to do things they love.

## Daily Schedule- Sample

## Swim Evaluations

For safety reasons, each camper will be evaluated on her swimming skills. Campers are given colored bands based on ability. All swimmers are under the careful supervision of lifeguards and watchers while at the pool.

Each camper will take a swim evaluation that begins with bobbing three times in the three-foot end of the pool and swimming approximately ten yards in three feet of water without touching the bottom. If they pass the first segment, they will be asked to jump in four feet of water and swim 15 yards using any coordinated stroke. Lastly, they will have to tread water for two minutes.

Campers will be provided colored bands indicating their swimming abilities. The lifeguards who supervise all the campers in the pool will indicate areas of the pool where girls may swim based on their band colors. Campers will have the opportunity to take the swim test each week and many improve their skills over the course of the summer. If you feel she did not get the right color band, please let us know. We can re-test, but the results of the re-test will be final for the week. We offer swim lessons for those who need to improve their skills.

Double Red band: Is not tall enough to stand in three feet of water with her head out of the water and cannot keep her head above water with her swimming abilities. These campers will be provided a coast guard approved life jacket to wear while they play in the shallow end.

Red band: Likes to play in shallow water, is uncomfortable in deep water. May still participate in pool games/sports from the shallow end. Campers who opt out of the swim evaluation will receive red bands.

Yellow band: May swim in the shallow and middle areas of the pool. Can swim on top of and under the water. Can jump off side of pool into water. Strokes are uncoordinated or incomplete. May ask permission to swim in the deep end of the pool.  
Green band: May swim in all areas of the pool. Strokes are recognizable but may be weak.

## Optional Overnight- Sleepover Experience

On Tuesday and Wednesday afternoon, the overnight campers will have snack at the regularly scheduled time. At 4 p.m. they will head out to their unit and with the assistance of the staff, they will get their belongings set-up. The girls will have the opportunity to work on campfire skits and songs before learning how to cook dinner over the campfire. After dinner, the girls will participate in an evening activity that is sure to be a hit. Our counselors sleep in cabins or tents near the girl's but not inside the same room or tent.

Sample: Cook-out menu for day camp overnight girls will be:

- Hamburgers or Hotdogs/Chicken Fajitas
- Vegetarian Option: Grilled cheese or veggie burger/dog
- Chips
- Fruit
- S'mores

Girls will assist with the set-up, cooking and clean-up of their meal using appropriate Girl Scout methods.

Our sleepover experience is very popular, so early registration is recommended. Bed space is limited, please do not promise your camper she can stay over unless you have reserved her a spot. You can reserve her space through your [CampInTouch](#) account. Just go to Forms and Documents and then Additional Options.

Many campers have their first night away from home with us. Our environment is a safe place to build a little bit of independence and improve your camper's confidence. She may feel very comfortable spending a Tuesday or Wednesday overnight with us since she already knows our staff and the other girls at camp. If she does feel nervous she may experience a bit of homesickness on the overnight. Our counselors will work with her and make sure she feels comfortable and reassured. If she shows signs of extreme homesickness we will call you.

## Buddies

Campers are welcome to sign up for camp with friends who are within one grade level and interested in the same session of camp. If camp buddies are in different grades (for example: fourth and fifth grade), they will be placed in a group based on the younger camper's grade. We get many buddy requests, if your camper doesn't get placed in a group with her buddy please let us know so we can fix it.

Even the best of friends need time to explore their individual interests and make new friends while at camp. Camp buddies will be in the same group but may or may not select the same camp activities. If they choose different activities or are placed in different activities due to skill level, they will still be together again during check-in, at lunch and free swim.

Many girls come to camp without a buddy. Camp is a wonderful place for girls to make new friends. Our annual outcome survey of campers tells us that 99% of girls make new friends at camp.

## Camp Counselors

Camp counselors are recruited from the local Girl Scout community, colleges, and web-based employment services. Our camp counselors include home grown Girl Scouts who have many years of experience in Girl Scouting and students from local colleges and universities who desire to be a part of the Girl Scout organization. We also recruit and hire international counselors through the "Camp America" program. All counselors are required to have an interview with the Camp Director, provide references and pass a criminal background check. The most important trait we are looking for in our camp staff is the desire to create a lasting experience for your daughter.

During the weeks prior to camp, all camp staff complete an intensive two-week camp training covering topics such as: behavior management, how to work with different age groups, specific activity training, prevention of child abuse, first aid/CPR, camper supervision, homesickness and much more. Additionally, specialized staff such as lifeguards, boating instructors and challenge course facilitators, possess certifications or relevant experience related to their jobs.

During staff training, each camp staff member may choose a "camp name." Camp names are nicknames used at Girl Scout camp for several reasons. A camp counselor is a unique position between big sister and authority figure. She guides your camper in a gentle manner and her camp name helps distinguish her from her teacher, parent, or other authority figure. It also keeps us from having two "Karen's" or five "Amanda's" on camp at one time. And lastly, camp names add to the magic of Girl Scout camp tradition that has been passed down for generations. Please don't be surprised when camp staff introduces themselves as "Snow White" or "River."

Athletic shoes are required on the ropes course and other activities around camp. Athletic shoes are your camper's best choice of shoes to wear at camp.

## Lost and Found

The Girl Scouts of Greater Atlanta, Inc. is not responsible for any items left at camp. If you label your girl's items with her name, we can help her reconnect with her things during the week. At the close of the session all lost and found items are displayed at pick up. Any items left will be held for two weeks. Parents/guardians may contact the camp office and arrange a time and date to pick up the items. After two weeks, all items are donated to charity.

### Notes about forms on Mondays

Please be patient. Monday drop-off takes longer due to the review of paperwork. You will be given a pickup card that will be used to expedite checkout. If someone without this card is picking her up, they must bring ID and be on her list. Please adjust your schedule to allow for this longer drop-off time on the first day. Having your camper's belongings ready and easily accessible will help speed up the process.

### Important Note:

If you are dropping your camper off after 9:00 a.m. you will need to wait at the gate at 5540 North Allen Rd and call 770-702-9070 to get someone to come to the gate. If you are in a hurry, please do not be late. It takes us about 15 minutes for one of our staff members to reach the gate and assist you.

Regular Pick Up: 4:30 – 5:15 p.m.

After Care: 4:45 – 6:00 p.m. (Basic Aftercare) or 4:45 – 7pm (Extended Aftercare) fees differ depending on option. Before 5:15pm, girls in After Care will be involved in activities and will not be ready for pick up. Swim lessons will finish at 5:30pm.

### Steps to Pick Up

- For the safety of all our campers and staff, and to increase the efficiency of pick up, please do not exit your car.

If you need to pick up your camper early, please notify us at check-in and let us know what time you will come. ## Evaluations – Parent Online Surveys

We need your feedback...

The week after your camper attends summer camp, watch for an online parent evaluation. Camp staff reviews these evaluations throughout the summer. Your feedback will give us new ideas and directions as well as confirm the practices we have in place that support you and your camper.

If you have an immediate concern, please contact the Camp Director Team at 770-702-9070 or [ebird@gsgatl.org](mailto:ebird@gsgatl.org)
