## Shipped Only!

Attach to back of Raspberry Rally cookie box.

## Customer questions? Here are your answers:

### What's special about the flavor?

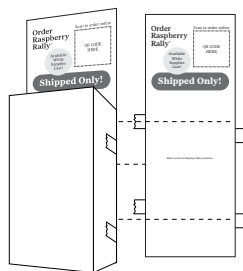

Customers wanted a raspberry flavor, so this cookie is baked with a pink, raspberry-flavored center and dipped in a chocolaty coating. It's sweet, indulgent and made with vegan ingredients!

### Why are they only available online?

It helps Girl Scouts like me learn about online shopping trends and build digital skills. It also lets us offer more flavors without replacing customer favorites at booths.

### How do I buy them from you online?

You can scan my QR code and that will take you to my online cookie page. You buy there and the cookies will ship straight to you!

### How to use this flyer:

Print out and add your QR code. Fold down the center line and cut off or fold edge in. Tape flyer to the back of a Raspberry Rally™ cookie package to use as a display.

### Optional:

Create a QR code that directs to girl or troop Digital Cookie® pages using a free online tool of your choice. Scale it at 1.5 in., print and cut out.
