2 make the ASK

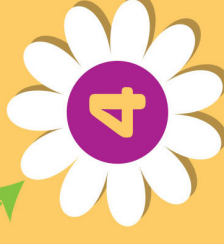

Beginning

January 1,

Daisies can ask family and friends to purchase Girl Scout Cookies using the paper order card or take orders online using Digital Cookie with help from her parent.

3 DO a cookie booth

Daisies have lots of fun setting up their store and talking to customers. A cookie booth doesn't have to be in front of a busy grocery store. Daisies can sell directly to customers by opening a lemonade stand or pulling cookie wagons through their neighborhood. The possibilities are endless!
