

Sensory Scavenger Hunt

Celebrate the Earth by using your senses! Spend some time outside- maybe in a park, on a trail, or in your backyard. Use the prompts below and your senses to find things around you. Draw a picture of each item, or write what you found for each prompt. Feel free to add your own ideas to this list!

See

Something Moving
Something Yellow

Something Quiet
Something Melodic

Hear

Smell

Something Fresh
Something Earthy

Something Scratchy
Something Fuzzy

Feel

Leave No Trace

Remember, Girl Scouts “leave no trace” when they go outside. Avoid picking flowers and leave everything how you found it. Try taking a picture instead!

Caution

Use caution when touching things you find outside- some plants can sting or cause a rash. You should never touch animals you find outdoors. And remember, never eat anything that you haven't grown in your own garden! Work with an adult to stay safe!
